ACKNOWLEDGEMENT

This work has been carried out under the supervision and direction of Prof. Dr. Ali Zein El-Din Hassan, Prof. Of Poultry Breeding, Fac. Agric., Ain Shams Univ., Prof. Dr. Ahmed Abd El-Hamid Bassiouny, Prof. Of Poultry Diseases, Fac. Of Vet. Medicine, Cairo Univ., and Dr. Raafat El-Sayed Khidr, Researcher of Poultry Nutrition, Desert Research Center, Mataria, Cairo.

I wish to express my deepest gratitude to them for suggesting the problem, keeping interest and constructive criticism.

Sincere gratitude should also be expressed to all staff members of Poultry Production Department, Faculty of Agriculture, Ain Shams University for their help in the field work.

All my deepest gratitude and my sincerest thanks are due to all staff members and my colleagues at the Animal and Poultry Nutrition Department, Desert Research Centre, for kind help in the Laboratory work.

Finally many thanks for all staff members of the Agriculture Department, Institute of Environmental studies and Research, Ain Shams University.
